

Centennial Elementary School is a dedicated STEAM magnet school that emphasizes an integrated approach to learning. It combines science, technology, engineering, arts, and math with a unique focus on agriculture. The school provides students with a variety of technological tools, including robots and 3D printing, to enhance their learning experience. The school's program is designed to foster innovative thinking and prepare students for future challenges. For more information, visiting the school's website or contacting them directly is recommended.

For a copy of the complete PFEP, additional information about Centennial Elementary School, academic assistance, or community resources, please contact our front office.

Through STEAM centered learning, Centennial Elementary School will make connections between school, home, and community by building positive relationships to ensure all students succeed.

Parent & Family Engagement Plan

VISION

Preparing today's
students for
tomorrow's future

MISSION

Innovate.
DESIGN.
Grow.

COMMITMENT

do what's
BEST
for KIDS.

FAMILY & SCHOOL COMPACT

As a school and family, we have agreed to certain responsibilities in order to ensure our students have the best educational experience. We encourage all our families to sign the compact to demonstrate the collective commitments we are making regarding collaboration and support for each of our students.

TITLE I MEETING

August 21, 2025 is our annual Open House and Title I Meeting. During this time, the school mission and vision, as well as the goals of the 2025-2026 school year will be shared with families. New staff are introduced and Title I expenditures are shared.

SCHOOL ADVISORY COUNCIL

Our SAC is comprised of parents, teachers, and community partners. Please consider joining us each quarter to have a voice at CENES. The first SAC meeting will be held August 27 to review the School Success Plan, our parent compact, and consider community connections.
